WORK EXPERIENCE

10/2022 – Present

Web Developer | Cerebral Hub, Lekki, Lagos
- Delivered 15+ fully functional and responsive WordPress websites, ensuring optimal user experiences across devices.
- Developed dynamic web applications using HTML5, CSS3, and JavaScript, ensuring modern and responsive user interfaces.
- Leveraged React.js and Redux to build interactive front-end components, enhancing user engagement and experience.
- Implemented back-end functionality using Node.js and Express.js, integrating with MongoDB and MySQL databases for data storage and retrieval.
- Utilized PHP and Laravel to create robust back-end systems, ensuring efficient processing of data and seamless functionality.
- Conducted unit and integration tests using Jest to ensure code quality and reliability, minimizing bugs and issues.

04/2020 – 09/2022

Software Developer | Kreateng Africa, Pedro, Lagos
- Successfully launched 10+ responsive WordPress websites exceeding client expectations and boosting online presence.
- Created RESTful APIs to facilitate communication between front-end and back-end systems, enabling seamless data exchange.
- Integrated third-party services and APIs to extend application functionality, enhancing overall user experience.
- Collaborated with cross-functional teams including designers, marketers, and content developers to deliver projects on time and within budget.
- Provided technical support and troubleshooting expertise to resolve issues and optimize performance, ensuring client satisfaction.
- Stayed updated with the latest web development trends and technologies, continuously improving skills, and staying competitive in the industry.

EDUCATION

Graduated 08/2022

BEng. Electrical and Electronics Engineering | Covenant University, Ogun
- Acquired extensive knowledge in power systems and embedded systems.

- Completed projects utilizing electrical components and programming languages like Python.
- Held leadership positions as Community Development Officer and Assistant Event Officer, organizing department events and inductions.
